IN PLAIN LANGUAGE

- This marketing website sets no advertising or tracking cookies.
- The operations console uses a session cookie, which is strictly necessary.
- We do not use third-party advertising networks or social media pixels.

This summary is provided to aid understanding. It is not a substitute for the formal text, which governs.

Khepee is a technology service provider operated by Lacspace Corporation Pvt. Ltd. It is not a bank or financial institution. It does not lend, does not accept deposits and does not hold customer funds. Lending products are provided by partner institutions licensed by Nepal Rastra Bank, and all credit decisions are theirs.

KHEPEE

1 What we use

1.1 This website

The khepee.com marketing site sets no advertising, profiling or cross-site tracking cookies. It is a largely static site and does not need them.

1.2 Strictly necessary cookies

The operations console sets a session cookie so signed-in staff remain signed in. It is essential and cannot be disabled while using the console.

1.3 Preference storage

A local preference such as language may be stored in your browser. It stays on your device and is not transmitted for profiling.

1.4 No third-party advertising

We do not use advertising networks, retargeting pixels or social media tracking tags.

1.5 No cross-site tracking

We do not track you across other websites.

2 Your control

2.1 Browser settings

You can block or delete cookies in your browser settings. Blocking strictly necessary cookies will prevent the console from working.

2.2 Do Not Track

We do not perform the tracking that a Do Not Track signal is designed to prevent, so the signal makes no practical difference here.

2.3 The mobile app

The borrower app does not use cookies. It stores a session token in the device keychain and no personal data on the device.

2.4 Changes

If we introduce analytics or any non-essential cookie, this policy will be updated and consent obtained where required before it is set.
